The accident occurred at the Huntington sawmill when Fowler was placing wood in the furnace, a large silver entering his hand and breaking off, causing his arm to swell.

Funeral services were held in the Orangeville meeting house over the remains of Fred W. Fall, civil war veteran and loyal citizen, Thursday last. The body was draped in the Stars and Stripes which he loved, and the casket was also covered with the emblem of our country. Flowers in great profusion from loving friends also decked the casket and the hall was nicely decorated for the occasion. Bishop Reid had charge of the services. The pallbearers were the sons and grandsons of the departed. Beautiful singing was rendered by the choir under the leadership of Edward F. Cox. Prayer was offered by Elder J. C. Reid and the speakers were A. C. Van Buren, R. P. Snow, Joseph H. Jewkes, E. M. Cox, Fred W. Reid and Bishop H. M. Reid. The benediction by A. G. Jewkes. The speakers' remarks were of a consoling nature and reverted to the honest and upright life of the departed and the example he had set. The singing by the mixed quartet and by Mrs. Hattie Reid and Mrs. Amanda Tuttle was very appropriate and well rendered. Civil War Veteran Shiner of Castle Dale was present at the services of his com-

rade to arms. He is the last remaining veteran in Emery county.

An almost fatal accident happened in Orangeville last Monday while a crowd of little boys and girls were playing on the street in front of Joseph O. Laker's residence. Little Ruth Johnson, daughter of Louis Johnson, was standing between two baby huggies with babies in them, when a bolt of lightning struck her down and tore the comb, ribbon and hairpins out of her hair and went into the ground by her side, not touching any of the other children. Some of the citizens ran and picked her up and supposed that she was dead, but after working with her for some time she gave signs of life. When Dr. J. C. Graham came, they took her to her home and there worked with her all night, and now she is in a fair way to recovery. If ever a miracle was performed it was in this case for when they started in, they supposed every bone in her body was broken as she was black in the face and all down one side of her body.

Starting in about a mile west of Lost Springs, Woodruff surveyed a cut-off, shortening the distance about a half mile, giving a better route from that point on in to the top of the dugway at Iron Wash Hill. This obviates about a mile and a half of sand and one dugway with a very easy grade on the other dugway. From that point the road can be continued two miles further in a very nearly straight course. This road can be made payable for two hundred and fifty dollars, Woodruff says, and a very good road can be made for five hundred dollars.
